I mentioned to Eisenhower that there was a reprogramming action which we wanted to bring to the Committee's attention, and I suggested we brief he and Bill Miller, Staff Director, Senate Select Committee on Intelligence, next week on it. Eisenhower said reprogramming is a sensitive subject with the Committee and that he thought both Chairman Daniel K. Inouye (D., Hawaii) and Vice Chairman Barry Goldwater (R., Ariz.), Senate Select Committee on Intelligence, should also be involved in the briefing. I told Eisenhower I would attempt to set this up after Miller's return on 11 July.

17. [REDACTED] LIAISON Met with Hal Ford, Senate Select Committee on Intelligence staff, and told him the DDO reports [REDACTED] which he had requested were available for his review. He said he wanted to begin his review tomorrow morning. Ford also said he would like to see a copy of PRM 24, regarding U. S. relations with the Peoples Republic of China. I told Ford I doubted CIA was in a position to release it but I would let him know to whom he should direct his inquiry.
